

Analysis - Feature #3019

[NoVal rework] collection issue

08/04/2017 11:20 AM - Anonymous

Status: Rejected	Start date: 08/04/2017
Priority: Normal	Due date:
Assignee:	% Done: 100%
Category:	Estimated time: 0.00 hour
Target version: Backlog	
Description Collection issue for NoVal rework. perceived tasks: 1) UI + model change: Add a checkbox to state if the port can be a noVal or not. 2) Update transformation to the model checker 3) Modify code generator accordingly 4) investigate if simulator semantics need to change and change if necessary Later some static analysis should be incorporated too. Currently I can think of a simple one implemented as a constraint: check if a NoVal port is read in any transition without checking if it is not NoVal	
Subtasks:	
Feature # 3020: [NoVal rework] addition of a flag	Rejected
Feature # 3224: constraint for non-NoVal ports	Closed
Feature # 3228: behaviour when a NoVal input port is read	Rejected

History

#1 - 12/08/2017 07:11 AM - Anonymous

- Assignee changed from Anonymous to Vivek Nigam

#2 - 12/11/2017 04:40 AM - Anonymous

- Project changed from AF3 Phoenix to Analysis
- Target version deleted (AF3 2.12 Post-release)

#3 - 04/18/2018 03:14 PM - Vivek Nigam

- Target version set to AF3 2.14 RC1 (Feature Freeze)

#4 - 10/24/2018 03:59 PM - Anonymous

- Assignee changed from Vivek Nigam to Anonymous

#5 - 05/13/2019 02:08 PM - Johannes Eder

- Target version changed from AF3 2.14 RC1 (Feature Freeze) to Backlog

#6 - 07/02/2019 04:55 PM - Anonymous

- Target version changed from Backlog to Team Programming July 2nd 2019

#7 - 07/02/2019 04:55 PM - Anonymous

- Target version changed from Team Programming July 2nd 2019 to Backlog

#8 - 03/09/2020 11:25 AM - Johannes Eder

- Status changed from New to Rejected
- Assignee deleted (Anonymous)
