

AF3 Phoenix - Feature #3789

Checking OCL constraints using SMT solving

08/05/2019 01:27 PM - Andreas Bayha

Status:	New	Start date:	08/05/2019
Priority:	Normal	Due date:	
Assignee:	Andreas Bayha	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Backlog		
Description			
This feature is implemented in course of a master thesis. The goal is to translate EMF models and OCL constraints to SMT for checking for correctness.
