

Design Space Exploration - Bug #3840

Create a new Constraint/Objective Set button not visible

10/08/2019 05:22 PM - Simon Barner

Status:	Closed	Start date:	10/08/2019
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	AF3 2.16 RC2 (Tested, Bug-free)		
Description			
In the Deployment / Schedule synthesis view, rule sets are defined using the Constraint/Objective set wizard.			
By default, the <i>Create a new Constraint/Objective Set</i> button is not visible since the default height of the dialog is too small.

I noticed that on Linux a spurious window was shown behind the actual dialog. Can you please pull and review again?

Additionally, editing a constraint/objective set should work again (double click on rule set row in the *Constraints/Objectives Section* at the very right).

Take three (final one!)

- RuleSet editing: enable editing name, etc., update views after editing a RuleSet, fix cancellation
- RuleSet creation: avoid to "Finish" without using the "Create" button
- Fix removing a RuleSet
