

## AF3 Phoenix - Bug #3980

### Clocks can be added to Platform/Cluster Level

03/30/2020 10:31 AM - Alexander Diewald

<b>Status:</b> Closed	<b>Start date:</b> 03/24/2020
<b>Priority:</b> Normal	<b>Due date:</b> 03/30/2020
<b>Assignee:</b>	<b>% Done:</b> 100%
<b>Category:</b>	<b>Estimated time:</b> 1.00 hour
<b>Target version:</b> AF3 2.17 (Tested, Bug Free)	
<b>Description</b>	
<b>Current Status</b>	
<p>Clocks can be added at the Platform / Cluster level. However, clock sources are typically added at the board level, or chip-level. This corresponds to the node/tile-level. Clocks and PowerSupplies both belong to the IElectricalDomain, but the levels where they should be added are different from my point of view.</p>	
<b>Associated action</b>	
<ul style="list-style-type: none"><li>• Examine, if the compositors can be used for the distinction (The domain is too rough).</li><li>• Otherwise, discuss if a distinction between Clocks and PowerSupplies is needed and how it could be realized.</li></ul>
