

AF3 Phoenix - Change Request #4015

Change Request # 4013 (New): [UI] Collection task SWT based views -> JavaFX-based views

SimulationViews to JavaFX

05/12/2020 09:27 AM - Johannes Eder

Status:	Resolved	Start date:	05/12/2020
Priority:	Normal	Due date:	
Assignee:	Andreas Bayha	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	AF3 2.18 - Feature Freeze		
Description			
Creation of a new JavaFX-based SimulationViews in order to replace the old SWT-based implementation. The views shall be similar to the old ones, hence control code may be reused. As this issue covers about a few views, it may be re-used as a collection ticket if necessary.
